Notes:
- All instruments are on 18" centers unless noted otherwise.
- Drawing is to scale except for Balcony Rail Lighting Positions.
- All multiconductor (2 or 4 circuit) blocks are terminated.
- Circuits to Grid E1 can be tapped from the Grid E1 buses.
- Due to building architecture, there is no true center-hung position for FOH positions.
-种植Buyer: Sent to original from F sway at time
- Diagram must be reduced to draw at airline.
